Chip seal/fog seal on Town streets to begin Monday, August 7

The Town of Prescott Valley has contracted with Cactus Asphalt to begin improvements on streets within the Town.

On Monday, August 7 through Wednesday, August 9, chip seal will take place on designated streets. Fog seal will then take place on Wednesday, August 9 through Thursday, August 10. (Please see attached maps). Hours of operation are from 7:30 a.m. to 4:30 p.m. Monday through Friday. One lane of access will be provided at all times.

Please observe the following during street improvements:

- Please DO NOT PARK ON THE STREET from Monday, August 7 through Thursday, August 10.
- Cones and/or barricades will be used to direct motorists away from the work areas. Contractors ask that you stay off the treated areas of the street until the barricades are removed.
- To avoid any possibility of getting material on your car or driveway, please plan to NOT enter or exit your driveway while the application process is occurring, which can last one to two hours.
- On the date(s) of road work on your street, please avoid activities that may create water runoff into the streets, such as washing cars or overwatering landscape.
- Please put your trash containers out early, before 5 a.m.
- In case of inclement weather, work will be postponed.

For questions or more information, please call Prescott Valley Public Works at 928-759-3070.
